

# WORKSHEET 9

What is a decision?

A decision is when a person thinks carefully about something and make up your mind to act on it.

Some decisions are harder than others are. Most easy decisions are made every day, like taking a bath. When you have harder decisions, you spend more trying to make up your mind whether or not to act on it.

Can you name one decision that is easy to make?

.....  
.....  
.....

Good job! Now can you think of one decision that is harder to make?
